CMC Writer

**Location:** Belgium**Duration:** Permanent**Employment status:** Full time**Start Date:** As soon  
as possible**About Ardena:**

Ardena is your one-source partner to help you navigate the drug development process from molecule to clinic. We offer an integrated, flexible service encompassing drug substance production, dosage form manufacture, clinical logistics, bioanalysis and dossier development.

**Job description:**

To submit an application, please visit the [Areeba Jobs](#) platform and search for this vacancy. This job opportunity is part of the [MATCH](#) project.

The Dossier Development team brings tailored and timely services to our customers in the very broad sense of regulatory services. We provide support by writing and submitting regulatory documents (e.g. MAAs, IMPDs, variations, etc.) but also scientific reports for diverse customers & projects. We are experts in writing scientific reports using a dossier-centric approach. This means we keep the final dossier submission in mind throughout to ensure consistency, completeness and readability.

The candidate should have a passion for (technical/scientific) writing and the drive to generate qualitative reports in collaboration with the dossier development team.

### Main tasks:

- Authoring scientifically sound source documents related to drug development activities;
- Coordinating activities with our customers, e.g. for transfer of test methods between different labs;
- Writing CMC regulatory documentation for new filings and clinical trials..

### Qualifications:

- Master's degree or Ph. D. in a life science discipline e.g., pharmacy, biotechnology, biomedical sciences or similar. Affinity with drug development is a plus.
- Working experience with scientific and/or technical writing for chemical and/or biopharmaceutical products is a plus.
- Excellent writing and communication skills
- Fluent in English, written and spoken
- Customer-oriented and quality conscious attitude
- Eye for detail
- Proficiency with MS Office (mainly Word, Excel)
- Well organized and able to handle multiple projects in parallel
- Team player
